

WESTERN VIRGINIA WATER AUTHORITY

Inflow and Infiltration Inspection (I & I) *On-line Letters of Conformity Access*

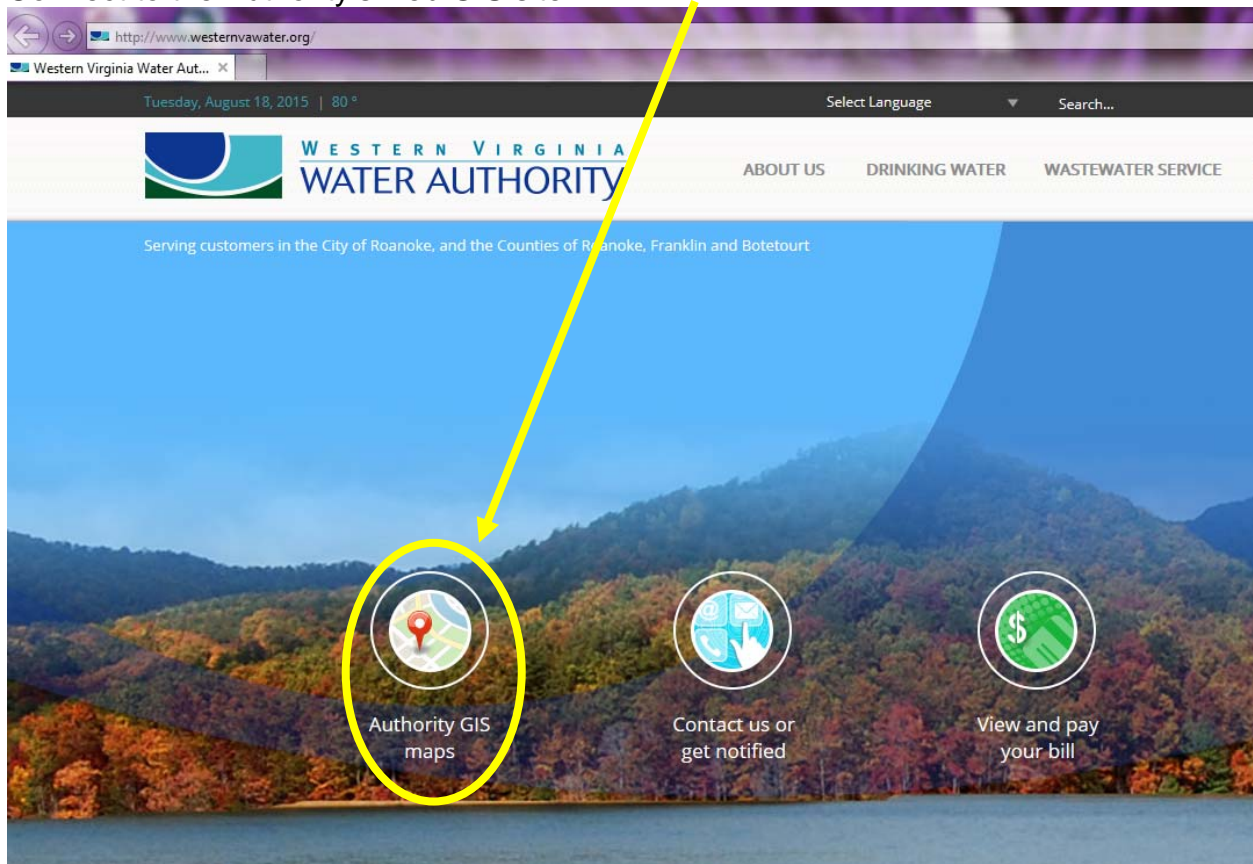

<http://www.westernvawater.org/wastewater-service/preventing-inflow-and-infiltration>

This document contains directions to find out if a property has had an I & I inspection performed and to open the certificate. If no certificate is present, contact the Sanitary Sewer Evaluation Rehabilitation (SSE/R) department of the Western Virginia Water Authority (WVWA) to have an inspection done.

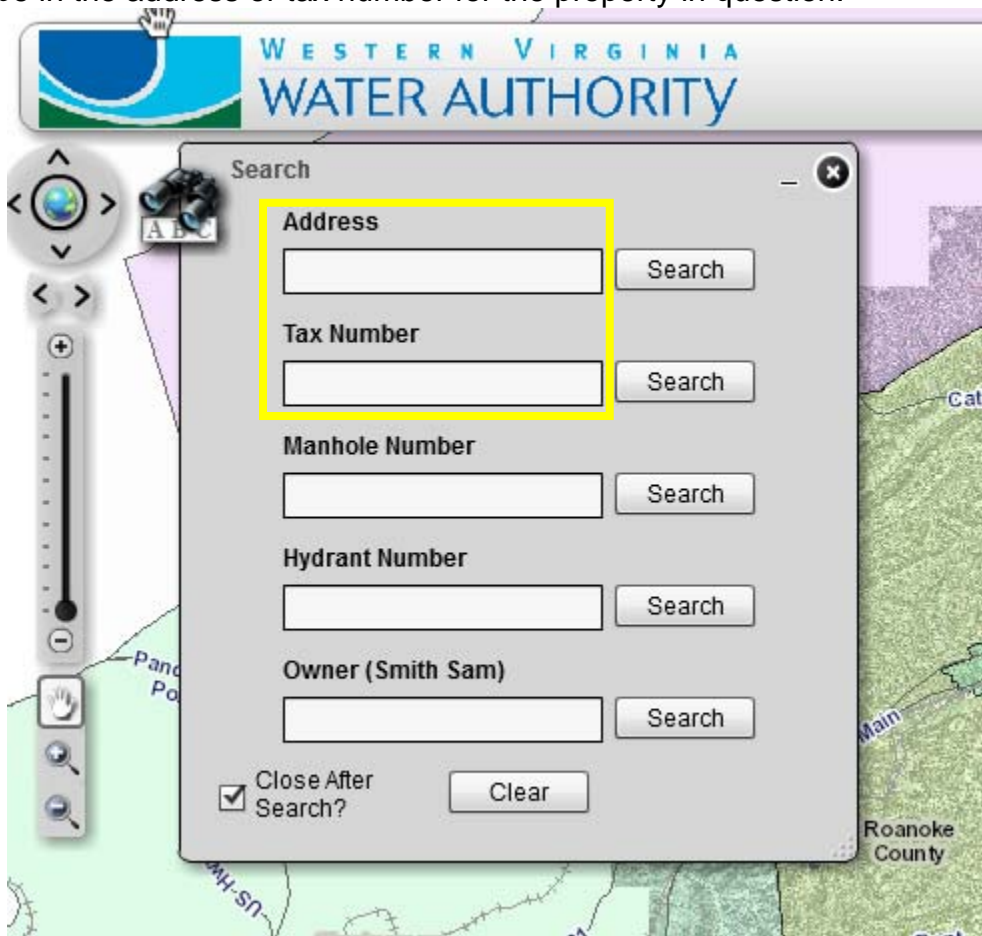

How to contact SSE/R:

1. Click on this link (<http://www.westernvawater.org/wastewater-service/preventing-inflow-and-infiltration/request-an-i-i-inspection>) and complete the online form.
2. Call (540) 283-8275
3. Email i&i@westernvawater.org

1. Pull up the WVWA's main web page (www.westernvawater.org)
2. Connect to the Authority's web GIS site

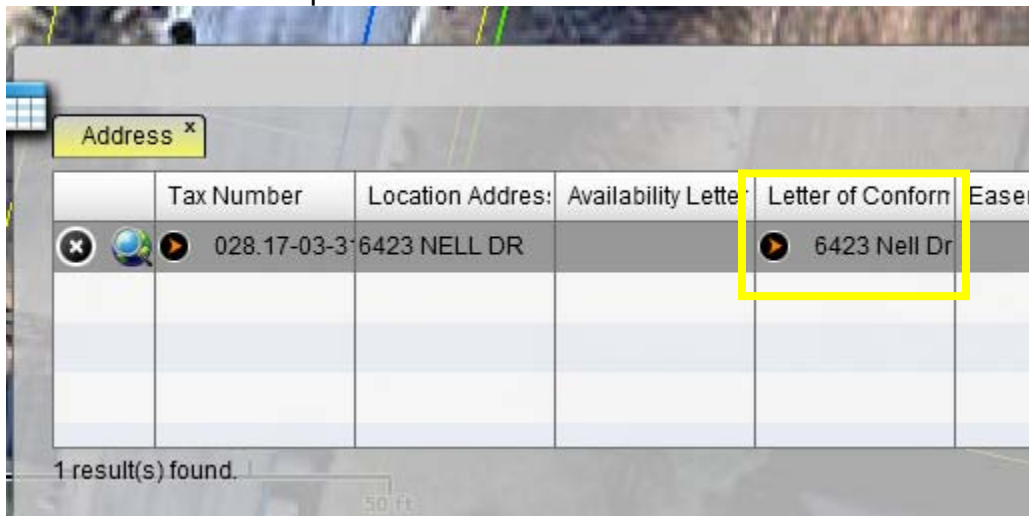

3. Type in the address or tax number for the property in question.

*If you are having trouble searching for an address, try simplifying it by only searching on the house number and street name, or even just the street name.

4. If a certificate of conformity has been issued at any time for the property, then a linked PDF document will show up in the table at the bottom of the window.

5. Click on the circle to open the PDF document in a new window.
6. If the linked PDF is older than 5 years, please contact SSE/R to issue a new certificate.
7. If no certificate is linked, please contact SSE/R to schedule an inspection of the property.
